Stopped judge's order for seizure

Dear Mr. :

This is in response to your Collection Appeal Request, submitted July 16, 1996 with respect to a seizure. We have considered your protest and the evidence in support of your position against this action by Collections.

We are pleased that we could reach a satisfactory agreement with you for the reasons explained in the conference. Therefore, the District's decision to seize is not sustained, instead, the District will investigate the Offer in Compromise submitted on 7/31/97 and make a determination as to its acceptability as an alternative resolution of your tax problem.

If you have any questions regarding the status of the offer, please contact the Liaison Officer assigned your case, at telephone number (281) 721-4440.

Sincerely,

Lawrence M. Fagan
Associate Chief, Appeals
